What is Errors & Omissions Insurance and do I need it?

Errors & Omissions (Professional Liability) Insurance protects you against liability or allegations of liability for injury or damages that have resulted from a negligent act, error, omission, or malpractice that has arisen out of your professional capacity as a planner, or if a complaint is made against you to your professional body/organization. This insurance protects planners by ensuring that your legal defence is coordinated and paid for if a claim is made against you. Your policy also covers the cost of client compensation and damages.

I am on parental leave, sabbatical or considering retirement. How does E&O insurance work in my situation?

All members who secure their E&O policy through the CIP program will benefit from a 10-year Extended Reporting Period (ERP) at no additional charge for professional liability claims that are first discovered and filed after you have retired and/or discontinued practice.

Note that the ERP applies only to new claims that come forward after the insured member has discontinued practice and in respect of acts, errors or omissions committed prior to the expiry of the planner's last active policy. Planners who continue to deliver services or who remain in active practice (for financial gain or otherwise) must maintain an active E&O policy and cannot rely on ERP.

I am interested in learning more about my E&O policy and/or the additional coverages available. Who should I contact?
